

## BIG ROAD PLANS FOR BIG ISLAND

Hawaii Supervisors Have Projects Totalling Three Quarter Million To Carry Out Now

HILLO, June 28.—Members of the new Board of Supervisors, who are also members of the old board with one exception, from West Hawaii, as well as all the other elected officers of the County of Hawaii, will go before Judge C. K. Quinn Monday morning at ten o'clock, in the rooms of the Fourth Circuit Court, to be sworn in as officers of the county.

Following this ceremony the supervisors will hold a meeting and organize. They will also, it is stated, go over the plans for the many improvements provided for this county by the late legislature and arrange for providing the specifications for the work and method of carrying it on.

These plans, among others, include the expenditure of \$149,500 for new schools, including the Hilo High School, the plans for many of which have already been completed. Bids will be called for in most of these cases.

For roads and water works there is a total territorial appropriation of \$420,000, the most important item of which is the \$200,000 for the concreting of the Volcano road for a portion of its length, making a Four Miles. Also included in this sum is \$45,000 for the proposed new Honokaa water works, \$1500 for the extension of the Waiohine pipe line and \$3500 for the Kau pipe line to the Kamooa home steads.

Other road work, in addition to the belt roads and water works, which the supervisors must see to include the homestead roads at Pihoua, back of this city, on which \$20,000 will be spent; building an asphalt macadam road at Puukapu, \$6000; filling in the Panohia lands in this city, \$5000 and building a road from Napoos to Honanua, \$6000.

Besides these items there are the plans and specifications for the proposed new piers near Kahua Bay, which the supervisors will have to take up with the Board of Harbor Commissioners, involving an expenditure of \$150,000.

Another loan fund improvement is that of the building of the Keamok belt road by prison labor, under the direction of the High Sheriff, for which there is an appropriation of \$70,000 for the twelve miles. With this the supervisors have very little to do, however.

A more important matter is the completion of the concrete work on Front Street, this city. Work is progressing on this road near the Volcano Stables and it is proposed to continue the work as rapidly as possible, when the new funds are available.

"We are going to try and bring about a better system of conducting this work," remarked Samuel Kauhane, supervisor-at-large, speaking of the new improvements yesterday.

## "Y" VOLUNTEERS TO AID REGISTRATION

Members of Association Called On To Act As Clerks and Interpreters

All members of the Y. M. C. A. who will serve as volunteer clerks and interpreters on registration day, July 31, are urged to leave their names and addresses at the main office of the association. In the case of volunteers to act as interpreters, the language and dialect should be specified along with name and address.

It is understood that registration day will be a holiday, so that all members of the "Y" who volunteer to serve their country on that day may do so without loss of time from business. Any man who can do ordinary clerical work will be useful in enrolling men on the blank forms provided.

Francis J. Green, in calling on the Y. M. C. A. for assistance in recruiting volunteers, emphasized the need of interpreters for all the languages and dialects spoken here. Those members of the central and branch associations who can understand languages other than English are especially wanted. Lloyd E. Kilham is making an effort in the Filipino, Japanese and Korean languages to secure interpreters. Members of the central association who will volunteer are urged to leave their names at the Y. M. C. A. office immediately.

## SUNDAY SCHOOLS WILL AID THE RED CROSS

(Associated Press By U. S. Naval Communication Service)  
CHICAGO, June 30.—The International Sunday School Association, representing 16,000,000 teachers and pupils yesterday announced that Sunday will be held as "Patriotic Sunday" throughout the land. The collections will be given to the Red Cross War Fund.

**POLICE CHANGES**  
As a result of the resignation of Daniel Kamohi, there will be several changes in the personnel of the police department. Sheriff Rose probably will announce the promotions today.

**HELD FOR SPEEDING**  
Adair Falk was arrested for speeding yesterday afternoon. He was released by the sheriff and will appear before Judge E. F. Brown in the police court this morning.

## FEWER SHIPS SEE HONOLULU PORT

Tonnage Statistics Record Drop of Half a Million Gross During Year

A decrease of half a million gross tons in the shipping entries of the port of Honolulu will be shown, it is believed in the annual report of Captain William R. Foster, harbor master, tomorrow, after the figures for June have been tallied and added to the year's statistics.

This drop is one of the largest recently on record, and is due in part, it is believed, to a falling off in vessels coming here for bunker coal recently, in part to several dull months, and in part to the fact that the previous year's figures are exceptionally high.

Up to the first of June the total gross tonnage entering Honolulu harbor amounted to 2,859,662 representing 267 vessels. Providing that a quarter of a million tons entered port during June, which would be above the average for the year, the total would still just barely cross the three million mark, or seven hundred thousand gross tons less than the year before.

This total tonnage includes 2,789,719 gross tons in steam and 69,943 gross tons in sailing vessels. There were 475 steam vessels and ninety-two sailing vessels or, in other words, one sailing craft to every five steam vessels. These figures of course, refer to deep sea shipping only, and not to interisland traders. And, as before noted, they are only for eleven months.

For the twelve months of the previous fiscal period, ending on June 30, 1916, the reports of the harbor master showed that a total of 3,743,984 gross tons entered the port that year, representing 616 vessels. This was an increase of 32,401 tons over the previous year.

The 1915-1916 figures were divided as follows between sail and steam:

Sail: 77 vessels, 68,694 tons.  
Steam: 539 vessels, 3,675,290 tons.

The drop this year is thus shown to be in steam rather than in sail. The figures, month by month, for the first eleven months of this year, are as follows:

Month	No.	Tonnage	No.	Tonnage
July	38	221,245	6	5,772
August	41	243,874	6	5,846
September	36	227,261	4	2,754
October	43	198,927	10	5,908
November	48	290,251	9	7,283
December	40	255,562	11	9,402
January	51	312,941	11	8,489
February	43	298,072	5	4,285
March	44	276,991	12	8,223
April	42	164,863	3	2,762
May	49	289,732	15	5,828
Totals	475	2,789,719	92	69,943

## MUTINIOUS TROOPS BROUGHT TO TIME

(By The Associated Press)

PETROGRAD, June 11 (delayed).—The forces in the army at the front which are loyal to the provisional government have had their first test of strength with disloyal pacifists and have won a notable victory. Two days ago Lieutenant-General Siberbathoff, commander on the Rumanian front, gave an order to disband one infantry, one tirailleur and one Siberian tirailleur regiment all of which were considered useless for fighting purposes.

**Officers Are Beaten**

Three regiments of another division were ordered to take up a new position, but refused to do so, and thereupon received an order to disband. The soldiers openly mutinied. The men of one of the regiments arrested the commander and seven officers, tore their badges from their uniforms and beat two officers, leaving one insensible on the road. A regimental committee resolved that the regiment should not move. Thereupon a loyal committee of soldiers of the whole army, after deliberating with the army staff, pronounced for stern measures against the mutineers, the ringleader of whom was named Philipoff.

A resolute general was chosen, having under his command two divisions of loyal cavalry, two battalions of infantry, one light battery, armored motorcars and airplanes, and undertook the task of suppressing the revolt. When the loyalist general had occupied positions against the mutineers, he sent an ultimatum to them, demanding the surrender of the ringleaders; that they take up positions as order, and that they undertake to serve faithfully in the future.

**Guns Ordered Into Action**

The mutinous soldiers, seeing that they were surrounded, attempted to negotiate, but at the last moment Philipoff incited them to new resistance. The loyalist general immediately ordered his guns into action, whereupon the rebels unconditionally accepted the ultimatum and surrendered Philipoff and others.

## COLONEL EASTON TO GO TO MAINLAND NOW

Col. John Easton, commander of the Second Hawaiian Infantry, with headquarters in Hilo, has been ordered to the mainland to take a course in intensive military training, according to a report published in the Hilo papers which have arrived in this city. Colonel Easton is regarded as one of the best officers in the national guard of this Territory. His departure probably will result in the promotion of Lieut. Col. Harry H. Morehead, now second in command of the regiment, to be colonel and commander of the regiment.

## FIERCE FIGHTING FOR FARM OF HURTEBISE

Deeds of Desperate Gallantry and Heroism Performed By French Colonial Troops In the Wrestling of Position From the German Invaders

FRENCH FRONT, June 20.—Some of the most dashing acts of heroism of the great war are related in connection with the capture and holding, in spite of desperate German resistance, by the French Colonial troops, of the farm of Hurtebise. This place has been often mentioned in the official communications of the war office in the course of the recent battle for the possession of the Chemin des Dames, or Road of the Women, to the west of Croune. The Associated Press correspondent, who watched the whole of the fighting in this vicinity, later came into touch with many officers and men who had distinguished themselves there, and heard from their stories of the series of actions, details of which were not obtainable in the thick of the engagements.

Hurtebise farm, now as in 1814 when Blucher was turned out of it by Marshals Ney and Drouot under the eyes of Napoleon, is in reality the key of the position, since those who possess it are in command of all the observation points dominating the valleys.

The Germans had decided to hold it at any cost, and they had constructed a most skilful system of defensive works, consisting of deep fields of barbed wire entanglements, trenches and shelters, in which were disposed dozens of machine guns. Notwithstanding all the difficulties of the task the French Marine Infantry Corps, stormed the position and took it on the morning of April 16.

It was foreseen that the Germans would make an attempt to regain the position, so valuable to them, and during the night of April 17, a regiment of Zouaves was sent up to relieve the colonials, who were exhausted and had suffered much from exposure, after the fight, to cold winds and heavy snow and rain.

Two battalions of the Zouaves were deployed to the right and left of where the farm had stood and on each side of the ruins of the monument commemorating the Napoleon battle. They lay in the demolished German trenches and in shell holes with bodies of dead soldiers all about them, and as they lay they scraped up the earth with their trenching implements so as to form some sort of defence. A third battalion was held in reserve.

In front of the Zouaves was a stretch of ground interspersed with deep ravines and wooded ravines, which descended down to the valley of Valenciennes and the banks of the river Ailette.

Here for seven days the Zouaves fought their way inch by inch with hand grenades under a constant barrage fire from the German big guns and all the time exposed to the sweeping showers of machine gun bullets. The Germans fought with determined vigor, sticking to every point until actually forced out.

The line was very uneven, some of the sections of Zouaves having advanced further than their comrades, and often units of Germans held out and pestered the French troops from the flanks. Progress had to be made from shell-hole to shell-hole until, eventually, the Zouaves, by capturing the German Dusseldorf trench, were able to command an advantageous position and straighten and solidify their line. Even then the Germans did not give up hope, and April 25 opened a strong counter-attack, for which the First Regiment of the Prussian Guard was brought specially into line. The left of the French line held firm, but the right gave way slightly, and a French counter-attack had later to be carried out to regain the ground lost.

Some of the men of an Algerian tirailleur battalion had been almost cut off, but they were relieved by the Zouaves and other battalions and some of the Prussian guard were taken prisoners.

One Zouave, who in peace times is a confectioner, while making his way against the sieve-like ground fell among a patrol of Prussian guardsmen and was captured. He did not lose his wits, although some of his captors treated him with the greatest brutality. He was ordered to the rear through a communication trench and was accompanied in that direction by a number of guardsmen. His captors, who had come to the scene only that morning, soon lost their way in the maze of twisting trenches and virtually left it to their prisoner to show them the way.

Suddenly an idea of tricking them struck him, and instead of turning to the right he turned to the left and so he and his captors found themselves looking into the muzzles of Zouave rifles. The prisoner shouted, "Fire, my lads!" He threw himself on the ground and seized a hand-drawn rifle with which he killed one of his captors. Most of the others surrendered.

## MESA VERDE NATIONAL PARK OPENS ITS SEASON

(By The Associated Press)

MANCOS, Colorado, June 20.—The Mesa Verde National Park, Southwest corner Colorado, was opened for the 1917 season Saturday, when the first automobile load of tourists left Manos for Spruce Tree Camp. From now on automobile service will be daily between Manos and the ruins.

Supervisor Ricketts, government custodian of the park, and Mrs. C. L. Jeep, in charge of the camp, at the Mesa Verde, have everything in readiness for the accommodation of the tourists.

Last year there were twice as many visitors to the ruins in the Mesa Verde than there were in 1915 and indication point to fully 100 per cent increase this year over last, according to the government custodian.

## GOODING FIELD TO FISH FOR THAT DEFICIT

The horrific specter of a deficit in the municipal revenues, which Supervisor Dan Logan has heroically denied but which has for months persistently lifted its grisly head whenever two or more supervisors met together, is either to be trotted out into the glaring light of day or forever laid. The Democratic party has engaged H. Gooding Field, public accountant, to expert the city's books and determine whether or not the present administration, which goes out of office tomorrow, quits to the good or in the hole.

## MORE WOMEN THAN MEN WORKERS IN GERMANY

(By The Associated Press)

AMSTERDAM, June 20.—There are more women than men workers in the German empire according to the latest official figures. Sick benefit membership lists show that approximately 4,000,000 women workers are on the lists, or about 11,000 more than men, the latter totals including 700,000 war prisoners who are working for the government in various capacities within Germany. Women applicants for employment continue in excess of positions open.

## Wooing Leads To Court Instead of To Church Altar

Mary Perry Asks Damages From John Reis In Breach of Promise Action

Her love scorned, Miss Mary Perry filed yesterday in the local circuit court a suit for breach of promise. She wants John Reis to pay her \$2500 damages because he has refused to marry her after he had, she avers, wooed and won her.

The two young people live in the country, where love and hate and the passions rule human nature quite as much as in the city. John and Mary had courted. They fell in love and, quite naturally, became engaged, all this according to the young woman's complaint.

On May 8, last, claims Miss Perry, John Reis promised to marry her and the date was agreed on. But John has been lukewarm. He has been worse than that. He has absolutely refused to escort her to the altar. Hence, the breach of promise. Mary claims she still loves John and is willing to let bygones be bygones. She is still willing and desirous of marrying John. If he refuses, Mary wants \$2500 damages, an amount which she calculates will make them quits.

## SPORTS

### Mrs. Macfarlane Sells Mary Jay To A. McPhee

All String Except Florence Roberts Will Be Disposed Of; Horses To Maui

When the Claudine sailed for Lahaina and Kahului Friday afternoon she took these Oahu horses for the Fourth of July races on Maui: Angus McPhee's Mary Jay. Mrs. Walter Macfarlane's Lahontan Water.

Walter F. Dillingham's Umpqua and Oneta. Felix Brughehl's harness horse Elora. John S. Grace's harness horse Carmelita II. Mohawk Boy, sold by Capt. E. M. Whiting to Harry Baldwin June 16, had been sent before.

**Under McPhee's Colors**  
Mary Jay no longer is Mrs. Walter Macfarlane's horse, for she has been sold to Angus McPhee, and will race under his colors on Maui. Lahontan Water will be ridden by Mr. Macfarlane in the managers' race, but will not be in any other race.

Mrs. Macfarlane confirmed reports that she was selling out her string, although Mary Jay has been the only one sold to date. It is Mrs. Macfarlane's intention to dispose of all her horses except Florence Roberts, which is lame and probably never will be a track horse again, but has great possibilities as a brood mare.

**Won't Withdraw Entirely**  
However, despite her intention to sell her present string, Mrs. Macfarlane said that she would not say that she would not have horses next year, being too fond of them to withdraw from racing. Mary Jay was considered the best of the stable except for Florence Roberts. After showing poorly in the mile here she displayed splendid form in the three-quarter, running almost a dead heat with Frances B. and losing by inches. She and Frances B. should have a great race Wednesday.

There will be polo Wednesday as well as races. Francis Brown, Walter Macfarlane, Arthur Rice and Robert Thingle will make up the Oahu team to meet the Maui team, which won from Jahu in the first game of the June meet here and from a picked Oahu team in the second game. The polo horses will go up in the Claudine tomorrow. The Honolulu players and race followers in general will not go until the Mauna Kea Tuesday, leaving the ship at Lahaina.

The polo game will be played after the races. Jack Gibson, well-known Honolulu harness driver, will be unable to drive the races at Maui the Fourth. He was taken ill last week, and after an operation at the Beretania Sanitarium, was removed to his home in Kaimuki yesterday.

## DOUBLE-HEADERS DIVIDED ON COAST

Two Twin Bills Split, But Portland Ties One Game and Loses Other

COAST LEAGUE

Team	Won	Lost	Pct.
San Francisco	32	35	.308
Salt Lake	45	37	.349
Los Angeles	41	42	.494
Oakland	42	43	.494
Portland	37	46	.443
Vernon	34	49	.410

Three double-headers were played in the Coast League yesterday. At San Francisco, Los Angeles and San Francisco split even, and so did Oakland and Salt Lake at Salt Lake. Portland lost ground to all the other teams by losing the morning game with Vernon, 4 to 4, the game being called in the ninth inning, and losing the second, 4 to 5. No games are scheduled for today.

**Yesterday's Results**  
At San Francisco—San Francisco 4, Los Angeles 1; Los Angeles 7, San Francisco 4.  
At Vernon—Portland 4, Vernon 4 (called in ninth inning); Vernon 5, Portland 4.  
At Salt Lake—Oakland 3, Salt Lake 2; Salt Lake 6, Oakland 3.

**COBB TAKES BATTING LEAD IN AMERICAN; SPEAKER IS SECOND**  
CHICAGO, June 16.—For the first time since August, 1916, Ty Cobb is leading the American League in batting. He has disposed Tris Speaker, of Cleveland, to whom he surrendered championship batting honors last season. The Georgian's average is .353, according to unofficial figures today. Speaker is three points behind him.

Ruth, the Boston pitching star, has an average of .415, but for only sixteen games. Chapman, of Cleveland, was dethroned as the leading base stealer, Roth, a teammate, nosing him out with 17. Chapman, however, still holds sacrifice hitting honors with 30.

A single point separates Burns, of New York, and Roush of Cincinnati, tied a week ago for the lead in the National League. Burns leads with .343. The New Yorker also is leading in runs scored, with thirty-five and is pressing Zolner for stolen base honors, being one behind the Chicagoan, who has twelve.

## Naps Defeat Chicago Sox In American

Philadelphia Nationals Lose To Brooklyn; Reds Take Two From the Pirates

NATIONAL LEAGUE

Team	Won	Lost	Pct.
New York	37	32	.536
Philadelphia	37	33	.527
Boston	36	33	.520
St. Louis	33	39	.457
Cincinnati	30	37	.449
Brooklyn	28	33	.455
Pittsburgh	21	40	.333

AMERICAN LEAGUE

Team	Won	Lost	Pct.
Chicago	43	24	.642
Boston	41	24	.631
New York	33	39	.457
Detroit	32	31	.508
Washington	32	34	.500
St. Louis	25	39	.391
Philadelphia	23	38	.377

Cleveland defeated the Chicago White Sox, leaders of the American League, at Cleveland yesterday, 5 to 4, and the Sox lost one-half game to the Boston Red Sox, who are only eleven points behind now. In the only other game played in the American, Detroit beat St. Louis at St. Louis, 5 to 0. Detroit is above 500 now, with 508 and St. Louis and Washington are tied for sixth and seventh place, with 391 each.

Philadelphia and Brooklyn played an unscheduled game in the National at Brooklyn, presumably for the benefit of the Red Cross, Sunday games in the East having been arranged for that purpose, and Brooklyn won, 3 to 1. Philadelphia in two games behind the Giants, who did not play. Cincinnati took a double-header from Pittsburgh at Cincinnati, and the Reds stand at 493. The St. Louis Cards whipped Chicago, 4 to 0, and are twelve points behind Chicago.

**YESTERDAY'S RESULTS**

National League  
At Cincinnati—Cincinnati 4, Pittsburgh 1; Cincinnati 5, Pittsburgh 1.  
At Chicago—St. Louis 4, Chicago 0.  
At Brooklyn—Brooklyn 3, Philadelphia 1.  
American League  
At Cleveland—Cleveland 5, Chicago 4.  
At St. Louis—Detroit 5, St. Louis 0.

## Track Team To Compete In Hilo Meel

Under the captaincy of John Watt, a small team of Honolulu track and field men will sail in the Mauna Kea tomorrow afternoon for Hilo to compete in the track and field meet Wednesday. Besides Watt, Joe Stickey, Frank Mott-Smith and Joe Dwight will make up the team.

Dwight is in not so good condition as the others, although none has trained much of late, and he will be used only to round out the relay team.

Watt will be in the hurdles, 100-yard dash, 220 and the high jump. The hurdles should be his without trouble, for he did some great work in the States, and he can do about 5 feet 2 inches in the high jump.

Mott-Smith will be in the high and broad jumps and pole vault; and Stickey will do the 220, 440 and probably the 880. Each of the men will be in the relay, since only four will go.

The Honolulu team will be under a handicap in that they will have to run Wednesday afternoon after a night aboard ship. The track, too, will not be in the best of condition. It will be roped off in the baseball field. There is nothing in a grass track to commend.

**Grass Track Is Handicap**  
The Hilo athletes have been training hard for the meet. Besides the competition from them, the Honolulu team probably will have to go against some of the men of the companies of the Twenty-fifth Infantry now on Hawaii. However, the four should bring home some of the bacon next Saturday.

The following program has been arranged:  
50-yard dash, 110 pounds.  
50-yard dash for girls, unlimited.  
100-yard dash, unlimited.  
50-yard, blindfold, 100 pounds.  
Running high jump, 110 pounds.  
220-yard dash, unlimited.  
One mile run, unlimited.  
440-yard relay, 10 pounds (Each runner to run 110 yards, 4 men to a team).  
120-yard five low hurdles, unlimited (Hurdles 22 yards apart).  
Pole vault for height, unlimited.  
440-yard dash, unlimited.  
Running broad jump, 110 pounds.  
Putting 14 pound shot, unlimited.  
880-yard relay, unlimited. (Four men to a team, each to run 220 yards. Participants to use baton).

**SWIMMING RECORD SET**

LOS ANGELES, June 16.—Dorothy Burns, of the Los Angeles Athletic Club, established a new American record of 2:26 1-5 for the women's 150-yard back-stroke swim and retained the national championship by accomplishing the feat in the event held here last night in the Los Angeles Athletic Club plunge. Her former record, made June 29, 1916, was 2:33. Ralph Ogil, of the Los Angeles Athletic Club, won the national championship in the plunge for distance. The distance was 71 feet. Both events were held under Amateur Athletic Union sanction.

## ROAD TO MATRIMONY FOUND TO BE ROUGH

(Mail Special to The Advertiser)

WAILUKU, June 29.—The road to matrimony is proving not to be a smooth one for a number of comely Chinese girls of Maui lately. Last week, Miss Charlotte Tam Wong, of Makawao, beat the old folk to it and on praying herself to be over eighteen years old, was granted a marriage license and quickly wedded to Sam Kato Jr., of Paia, in spite of frantic telephonic appeals to have the match stopped.

But today two other less fortunate Chinese maidens are being held by the police because they also want to get married against parental wishes, and they really are too young to defy this authority. Both are of Paia. One is the daughter of Tam Chong, the well known merchant, who would wed one Ed. Ahu. The other is Rose Chang, daughter of Chang Yee Chong, who applied to Marriage License Agent Cockett this morning with Frank Estrella, a young Filipino for a license, but was denied on account of her obvious youth.
